

An event benefitting Presbyterian Medical Services

Festival of Trees would not be possible without the generous support of our sponsors.

The businesses, organizations, individuals, and groups that contribute are essential to the success of the Festival. These donations allow us to present a high quality, affordable family event while enabling us to enhance the health and well-being of the community.

If you are interested in spotlighting your business or organization, consider underwriting one of our special areas or unique events. Please take a few moments to review the levels of participation available and contact us to become part of this wonderful holiday tradition.
